Welcome

Thank you for visiting
GemStone Puppies!

We are happy to present our champion line Chihuahua Puppies. Our babies come from the very best lines. We produce excellent breeding stock or quality pets. We breed to the standard and constantly strive to improve the breed. Our Babies have wonderful temperaments and are socialized from the very beginning. We spend hour upon hour playing and spoiling them in preparation for their new homes with you. We are a small kennel and plan to stay that way.
